# Update MSCHE Small Site Visit Medical Science Campus University of Puerto Rico

Segundo Rodríguez, MD, FASCRS
Interim Chancellor

## **MSCHE Request for F/U to MSC**

- To accept the supplemental information report of March 2018 and the monitoring report of September 2017. To note the visit from the Commission representatives. To request a supplemental information report, due September 1, 2018, providing:
  - 1. Evidence that the institution has documented financial resources, funding base, and plans for financial development adequate to support its educational purposes and programs and to ensure financial stability (Standard V),
  - Updated information on the impact of the Fiscal Oversight Management Board's plan and proposed restructuring on the institution's status and finances (Standard VI), and
  - 3. Evidence that the institution demonstrates a record of responsible fiscal management, has a prepared budget for the current year, and undergoes an external financial audit on an annual basis [Standard VI and Requirement of Affiliation 11]. A small team visit will follow submission of the report. The next evaluation visit is scheduled for 2020-2021.

#### **MSC Organizational Chart**

## MSC Institutional Profile AY 2017-18 & AY 2018-19

#### AY 2017 - 2018

Students and Residents: 2,723

- Students: 2,273

\* Graduate: 1,932

\* Subgraduate: 341

- Residents: 450

Faculty: 1,124

Non-Teaching Personnel: 1,354

## **MSC Certified Budget for FY 2019**

- The MSC Budget awarded (General Fund) by the UPR Central Administration was \$114,182,051.00 for FY 2018.
- The budget allocation for the MSC during Fiscal Year 2019 amounts to 118,353,984 (an increase of 3.65%).
  - The budget allocation distribution for FY 2019 includes: \$111,702,389 (general funds-recurrent),
  - \$705,883 (special assignment for teaching recurrent),
  - \$5,842,905 (indirect costs non recurrent);
  - and \$102,807 (technology fee non recurrent).
- Budget assignments for the MSC includes adjustments as to: -2% attritions, -34% materials, and -25% other operational expenses, in compliance with directives issued by the Puerto Rico Oversight Board and the Revised Fiscal Plan for the University of Puerto Rico on June 29, 2018

## Medical Sciences Campus Budget

 State Appropriations: General Fund assigned to the University by the Government of Puerto Rico, which also includes Joint Resolutions from the Legislative Branch.

#### External funds:

- Faculty Practice
- Competitive and Minority research grants from the federal government
- Contracts with state agencies
- Income from the sale of services (teaching hospital) and others
- Revolving funds
- Donations
- Revenues per student FTE

## **Budgeting Process for the UPR System and Medical Sciences Campus (MSC)**

- The MSC Consolidated Budget distribution for FY 17-18 is 58% Extra University Funds (MSC generated) and 42% from State Appropriations which is a different scenario when compared to the rest of the 10 campuses of the UPR.
- For FY 18-19 the distribution maintains 58%% Extra University Funds and 42% from State Appropriations
- MSC officials decide on the distribution and spending of discretionary funds.
- At the MSC, School Officials have authority over the assigned discretionary and operational funds.
- The 6 schools have autonomy in academic and administrative matters, as long as they remain within the boundaries set by the assigned budgets.

## **MSC** Revenues by Type of Funds

## Impact of the Fiscal Oversight Management Board (FOMB)

- FOMB wants to ensure that the UPR is able to provide higher education, despite the steep government appropriation reductions.
- To meet these reductions the MSC has adopted "Revenue Enhancing" and "Expense Reduction" measures.
- Tuition increases at the MSC were submitted as part of the "UPR Board of Governor's Fiscal Plan". On September 13, 2018 we received a request from FOMB to review the tuition costs of the Medicine, Dental Medicine and Pharmacy doctoral programs.

## Tuition Increase Plan in Next Five years as requested by FOMB

PROGRAMS	FY2019	CHG %	FY2020	CHG %	FY 2021	CHG %	FY2022	CHG %	FY2023	CHG %	FY2024

### Strategies to Increase Revenues

- 1. Federal grants and contracts (estimated revenues for FY 2019 \$37,704,450)
- 2. Endowment Chairs (estimated revenues for FY 2019 \$2,290,662)
- 3. Administration of Indirect Costs at the Medical Sciences Campus (estimated revenues for FY 2019 \$5,842,905
- 4. "Plan de Práctica Médica Intramural (PPMI)" also known as School of Medicine Clinics (estimated revenues for FY 2019 \$64,644,715)
- 5. Other Contractual agreements (estimated revenues for FY 2019 \$18,727,253)

### Strategies to Increase Revenues

- 6. Additional assignment from Central Administration to support Instruction (estimated revenues for FY 2019 \$705,883)
- 7. Continuing Education (estimated revenues for FY 2019 \$125,000
- 8. Increase in Tuition from evening programs (estimated revenues for FY 2019 \$4,105,206)
- 9. Adjustment and Reductions (-50%) to the Exemptions granted to students (estimated revenues for FY 2019 \$1,638,105)
- 10. Reduction of outstanding accounts receivable of clinical and consulting services to patients and organizations.

#### Student Loan Debt Rankings for Puerto Rico Colleges & Universities

## Percent Surplus/Deficits Total Revenues Medical Sciences Campus

## Strategies to Reduce Expenses

- 1. Prioritize administrative and academic transformations that are guided by efficiency and effectiveness criteria to ensure the UPR mission.
- 2. Reduction of 5% in additional compensations to teaching staff
- 3. Reduction of 5% in bonus for administrative positions (assignments) for teaching staff.
- 4. Reduction of 3% in the payment of salaries of trusted personnel.

## Strategies to Reduce Expenses

- 5. Reduction in materials (-34%), attrition (-2.0%), and in other operational expenses (-25%).
- Elimination of special allowances for non-teaching personnel's uniforms.
- 7. Enforce the necessary mechanisms and control measures to ensure sound administration and better use of fiscal resources at the MSC.
- 8. Optimize the number of students on each course section available on every academic session.

### **MSC Achievements**

- The School of Medicine of the Medical Sciences Campus received the Spencer Foreman Award for outstanding community service.
- Researchers from the Neuroplasticity Center of the Institute of Neurobiology of the MSC received a grant of 10.6 million from the National Institute of General Medical Sciences (COBRE Phase II) (NIH / NIGMS).
- The Program of Bariatric Surgery of the Hospital of the University of Puerto Rico, "Dr. Federico Trilla", becomes the only center of excellence of Bariatric Surgery in Puerto Rico after receiving prestigious accreditation from the Surgical Review Corporation.
